Con	SB 5690	Concerning conditional release transition teams	Summary	Dhingra (D)	(D)	2/13	Con. The definition of conditional release is expanded to include either partial conditional release, where the person continues inpatient at a state hospital, or conditional release to a less restrictive setting in the community that meets minimum statutory requirements. Requirements are modified and clarified that distinguish partial conditional release from conditional release to a LRA in the community as two separate options NC> Please oppose this bill. I'm very concerned that this will release people into the community who are not ready to transition to society, and which will harm themselves or others.

PRO	SB 5635	Concerning victims' rights	Summary	Braun (R)	(R)	2/13	Pro. Expands the rights of victims and survivors of victims to be informed of the trial and sentencing hearing in any case, and to present a statement personally or by representation at the sentencing in any case. * Provides additional rights to have the victims' safety considered in bail considerations, to be heard when the court sets a date for trial, and to be informed of the offenders place of incarceration, release from confinement, and any escape. * Requires the state to provide funding sufficient to support crime victim advocates and prosecutors in their work to ensure the rights granted to victims, survivors of victims, and witnesses of crimes are protected. NC> Please support this important bill to help victims of crime.

Pro	HB 1543	Establishing a wild horse holdir	Summary	Dye, Kretz (R)	(R)	2/13	Pro. The Department of Corrections is directed to study and develop a plan for wild horse training and development of a farrier program at Coyote Ridge Corrections Center. * The plan will evaluate training methods, facilities, property, and financial opportunities for the program. Please support this important bill which helps wild horses and also helps provide important training to individuals planning to return to society. "There is something about the outside of a horse which is good from the inside of a man." This innovative program is a good idea.

Other	HB 1668	Concerning restitution for surviving minor children of deceased victims of vehicular homicide	Summary	Donaghy	(D)	2/13, 2/14	Other. Establishes a form of restitution that courts must impose when a person is convicted of vehicular homicide resulting in the death of a parent of a minor child or children.
				Testify Remotely	One Click	Written Testimony	NC> I do not oppose the creation of this form of restitution, but I do not think that the courts should NOT be mandated to impose this restitution. The bill says "must impose"; I believe it would be better if changed to "may impose". That way, the justices can take all circumstances into consideration.

PRO	SB 5699	Increasing the compensation for members of the fish and wildlife commission	Orig. Bill	Bipartisan	D+R	2/13	Pro.
				Testify Remotely	One Click	Written Testimony	
PRO	SB 5673	Concerning the forest practices board	Summary	Short	(R)	2/13	Pro. Changes the Department of Commerce, Department of Agriculture, and Department of Ecology from voting to non-voting members of the 13 member Forest Practices Board.
				Testify Remotely	One Click	Written Testimony	NC> Please support this legislation which will improve the equity of this board.
PRO	SB 5508	Promoting local agriculture through greenhouses	Summary	Short	(R)	2/13	Pro. Provides that the State Building Code does not apply to any temporary growing structures used solely for the production of horticultural plants. Establishes that a temporary growing structure is not considered a structure under the State Building Code
				Testify Remotely	One Click	Written Testimony	NC> Please support this legislation which will help residents of rural Washington state do their part to fight climate change by growing produce at home and reducing the number of miles driven for groceries. Many parts of rural Washington are food deserts, and by growing produce at home, residents can improve their nutrition, help their neighbors, and help the environment.
Other	SB 5693	Limiting liability for salmon recovery projects performed by regional fisheries enhancement groups	Summary	Bipartisan	D+R	2/13	Other. Eliminates civil liability for any property damage resulting from salmon habitat projects performed by Regional Fisheries Enhancement Groups under certain conditions.
	SB 5693	Companion Bill: HB 1775		Testify Remotely	One Click	Written Testimony	NC> This bill is problematic. On one hand, I do agree that the landowners should NOT be civilly liable for agreeing to participate in one of the programs. On the other hand, the Regional Fishery Enhancement Group should be held responsible for any damages caused by failing to properly design and implement a project. Otherwise, who's liable? The state, funded by the taxpayers, who are definitely not at fault. Please address these problems. The Fishery Enhancement Groups need to be accountable for damages caused. They should be required to carry insurance for such a potential problem.
		S Early Learning & K-12 Education	1:30 Agenda				
PRO	SB 5668	Concerning small districts with less than 2,750 students and significant participation in skill centers	Summary	Shewmake	(D)	2/13	Pro. Directs the Office of the Superintendent of Public Instruction to develop procedures that provide 1.0 FTE of funding to certain small school districts that send students to skill centers.
